# REPORT OF THE SECRETARY OF STATE.

---

STATE OF FLORIDA,  
OFFICE SECRETARY OF STATE.  
Tallahassee, December 31, 1912.

HON. ALBERT W. GILCHRIST,  
Governor of Florida.

My Dear Sir:

In compliance with the requirements of law, I have the honor to submit herewith my report of the transactions of this Department for the years 1911 and 1912.

By reference to the receipts, as shown under proper headings elsewhere in this report, it will be seen that the business of the office is increasing with each succeeding year.

The generous appropriation made by the last Legislature for painting the Capitol and laying cement walks on the Capitol grounds, has greatly improved the appearance of the building and grounds and further improvements will be made in the interior of the building, giving more room to the offices, as soon as the Supreme Court Building is completed.

The State is the annual recipient of thousands of publications from the Government and other States. To store these has taxed the entire capacity of the basement rooms and corridors for many years. Many of the publications received are of permanent value as historical records and reports, and some, which are purely statistical and annual reports, are useful only for the time being.

The congestion in the basement of the Capitol will be relieved upon the completion of the Supreme Court Building which will render available the room in the Capitol now occupied by the Supreme Court as a law library.

This room could be used to advantage for a State Library, but no library can be made complete or useful for reference without a librarian to classify the publications, index them for ready reference, and eliminate all material which may become useless. The State has made no provision in the past either for a library or a librarian, and it is the only State in the Union, as I understand, which has neglected so important and useful a work. The volumes we have already embrace many valuable works, and, properly classified, would form the nucleus or foundation upon which to build a library of which we could be justly proud. I would respectfully recommend, therefore, that the Legislature give consideration to the matter of passing an act to authorize the appointment of a librarian, to designate his duties, and to fix his salary.

Very respectfully,

H. CLAY CRAWFORD,  
Secretary of State.

# GOVERNOR AND CABINET, 1909-1913.
